ARRESTED THE FIREMEN.

Long Island City Police Raid Train Locomotives.

Steps to Put a Stop to the Soft-Coal Nuisance.

LONG ISLAND CITY, L. I., Aug. 17.—At 11 o'clock this morning the police of Long Island City made a raid upon the firemen and engineers of the Long Island Railroad and arrested six firemen for violating the orders of the Health Board in burning soft coal in their locomotives.

The firemen are Michael Bedde, of engine 130; Thomas Garrity, of engine 11; Charles Marshall, of engine 97; William H. White, of engine 61; Daniel Lavelle, of engine 120; and Charles Kowenowen, of engine 70. All the men submitted to arrest with the exception of Garrity, of engine 11.

Garrity resisted arrest, as his engineer told him not to desert his post. The police told him if he did not come down his engine he would pull him down. Garrity then left his engine, and got in line with the other firemen, and was escorted to court. Justice Ingram released the six firemen on \$500 bail each, to appear at trial. Bail was furnished by Edward McClave, brother of the Police Commissioner McClave, of New York.

Lawyer William Kelly appeared for the railroad company and Corporation Counsel William E. Stewart for the city. Corporation Counsel Stewart said that he would cause the arrest of the firemen every day until they stop burning soft coal. The men were arrested for violating sections 37 and 65 of the Penal Code. The officials of the railroad stood on the platform near the engines, but did not do anything to stop the arrests.

At the company's office General Supt. Elwood and Assistant Supt. E. L. Reynolds refused to say anything on the matter.

For several months the property-owners on Borden avenue have complained that their property was depreciated by the soft-coal nuisance from the engines of the Long Island Railroad. The Health Board repeatedly notified the company that it would have to stop burning soft coal and use hard coal instead.

The company took no notice of the matter. Yesterday afternoon the nuisance was brought to the attention of Corporation Counsel William E. Stewart, who reported the matter to Mayor Sanford.

Mayor Sanford at once directed the Corporation Counsel to notify the police to go to the yards of the company to-day and arrest all firemen who were in charge of the locomotives burning soft coal.

Burned by a Live Wire.
Fred Tutill, twenty-four years old, of 233 Wythe avenue, Williamsburg, employed in the power-house of the Brooklyn City Railroad company, at the foot of Division avenue, this morning fell against a live wire, and was seriously burned about the back and arms. Tutill was removed to his home and will probably recover.

Brooklyn Brevities.
Justice Haggerty in the Myrtle Avenue Police Court, Brooklyn, this morning held Matthew J. Tober, twenty-two years old, of 83 Belkwick street, for examination, charged with stealing \$1 from his employer, M. J. Spelman, a butcher, of 145 Franklin avenue.

AIDED A PRISONER TO ESCAPE.

Both Zito and Bruno Taken Into Custody, However.

Dominic Zito, of 24 Union street, and Salvatore Bruno, of 88 Degraw street, Brooklyn, were held in \$500 bail by Justice Walsh, in Butler Street Police Court, Brooklyn, this morning for examination on the charge of assisting Salvatore Godollogio, a peddler, to escape from the clutches of Policeman William Rooney, of the Hamilton avenue station, yesterday afternoon.

Godollogio was arrested by Rooney for violating the Health laws on Union street. He had no sooner put the peddler under arrest than Zito ran up behind Rooney and pinned his arms. Godollogio ran away and escaped, but Zito was held by Rooney.

Bruno then tried to rescue Zito. Rooney managed to get one arm loose and with his club tapped Bruno on the head with sufficient force to render him unfit for use for some time. Rooney easily quieted Zito and bundled both men off to the station-house in a patrol wagon.

UNCONSCIOUS FOR A WEEK.

Groom Finally Dies of a Beating for Insulting Another's Wife.

Thomas Groom, of Third avenue and Union street, Brooklyn, died in the Seney Hospital from a fractured skull early this morning, after having been unconscious for nearly a week. Groom's skull was fractured by Patrick Ireland, now in the Raymond Street Jail, who alleges that Groom insulted his wife. Ireland and his wife were walking on Vanderbilt avenue last Sunday night, when they met Groom near De Kalb avenue.

Groom, Ireland says, made indecent remarks about his wife. Ireland picked up a large stone from the street and hurled it at Groom. The missile struck Groom on the head and he dropped unconscious to the sidewalk. Ireland will now have to answer a charge of manslaughter.

CUT HIS SISTER-IN-LAW.

Gusso Used the Razor During a Family Quarrel.

Leonard Gusso, twenty-two years old, was held for examination by Justice Haggerty in the Myrtle Avenue Police Court, Brooklyn, this morning, charged with cutting his sister-in-law, Frances Kyoska, with a razor.

Gusso and Miss Kyoska quarrelled at No. 121 North Portland avenue late last night, when Gusso drew the razor and slashed the young woman twice across the wrists.

ADMIT THEIR FAILURE.

Queen Lil's Ambassadors Going Back to Honolulu.

CHICAGO, Aug. 17.—Queen Liliuokalani's ambassadors, Samuel Parker, H. A. Wideman and J. Cummings, arrived in Chicago last night on their way back to Honolulu.

"Our mission was not wholly unsatisfactory," one of them said. "We succeeded in presenting the subject of a present situation in its proper light. We had expected, however, to have been able to keep the Republic, as it is called, from receiving recognition. We failed in that. President Cleveland has seen fit to recognize it. There is nothing for us to do but live under the Government in the hope of some day securing a change."

MANY LIVES ENDANGERED.

One Man Overcome by Smoke in a Midnight Tenement Fire.

There was a lively fire in the three-story brick tenement house at 47 Montrose avenue, Williamsburg, shortly after midnight this morning, and but for the quick response of the Brooklyn firemen a number of lives would have been lost. As it was, Charles Gordon, nineteen years old, of 54 Marcy avenue, Williamsburg, was overcome by the smoke, and is at present in St. Catherine's Hospital in a critical condition.

The ground floor of the tenement is occupied by Philip Hoff as a small liquor store, and it was in the rear of his rooms that the fire started. A policeman on Montrose avenue saw flames pouring out of the windows of the tenement. He turned in an alarm and rushed into the house and aroused the occupants.

Hoff and his wife had a hard time getting out, as did also Mrs. Marion Steers, who had rooms on the third floor. Charles Gordon was visiting at the Steers', and was carried out unconscious.

SWINDLER IN ORIENT, L. I.

Clever Way of Disposing of Cheap Spectacles at a Good Price.

ORIENT, L. I., Aug. 17.—A clever swindler has been working among the residents of this place for the past few days. The man, who was selling watermelons, would produce a pair of spectacles from his pocket, which had the appearance of gold, and tell his hearers that he had found them, and that they were worth \$3 or \$4.

He would offer them for sale, starting them at \$2, and finally taking 25 cents for them. They would turn out to be worth about 25 cents. In some cases he would get as high as \$2 for a pair.

Then he would drive away and sell a pair at another place. Among the victims who were beguiled into purchasing the worthless eyeglasses were John B. Young, a prominent merchant of this place, and the wife of the village justice of the Peace.

DROWNED AT BAY RIDGE.

An Unknown Man Seized with Cramps While Bathing.

The body of a man twenty years old, known only as Michael, was brought to the Brooklyn Morgue this morning from the foot of Fifteenth avenue, Bay Ridge, where he was drowned last night. The man was in bathing when he was taken with cramps. His cries for help were heard by William Kaufmann and Thomas Robinson, both living on Tenth avenue, near the shore. They jumped into the water, before they could reach him he sank.

The man worked for Mrs. Rose Canfield. He came from New York last Sunday with Samuel Sher, of 18 Forsyth street.

Tariff Bill Provoked Mayhem.

George Jarman, thirty years old, of 39 South Eighth street, Williamsburg, was held in the Lee Avenue Police Court this morning on a charge of assault upon George Harman, a wealthy retired butcher, who lives at 601 Quincy street. Last night, Jarman and Harman were drinking in a saloon at 59 Broadway, when they got into an argument about the tariff bill. A fight followed and Jarman hit a piece out of Harman's nose.

MAY BE A GROWLER MURDER.

Sutherland Broke Mary Jones's Skull with a Beer Can.

She Refused to Let Him Drink at Her Expense.

Mary Jones, forty years old, of 220 Forty-sixth street, Brooklyn, is lying in a critical condition at the Norwegian Hospital, suffering from a fractured skull, inflicted by Benjamin Sutherland, of 127 Nineteenth street, who struck her over the head with a can of beer.

The police of the Fifth avenue station are looking for Sutherland, who made his escape.

Mrs. Jones, last night, went to call on her mother at 145 Nineteenth street. The two women sat out in the back yard drinking beer, and the can was filled several times.

Sutherland came in the yard while the two women were drinking and attempted to take a drink from the can. Mrs. Jones caught him by the arm, saying that she did not propose to buy beer for any man.

Sutherland then struck her over the head with the can and ran away. Mrs. Jones was taken to the Fifth avenue station, where Ambulance Surgeon Penbergast, of the Seney Hospital, attended her. The surgeon said the cut was only a scalp wound, and sent the woman home.

At 1:40 o'clock this morning, while Patrolman Conroy was passing Mrs. Jones's house, he heard her screaming for help.

Ambulance Surgeon Schoalkohn, of the Norwegian Hospital, was sent for, and he diagnosed the wound as a fractured skull.

At the hospital this morning it was said that the woman had been unconscious since her removal from her home.

MEXICAN CONSUL ALARMED.

Threatened with Dynamite Unless His Colors Are Removed.

(By Associated Press.)
BROWNSVILLE, Tex., Aug. 17.—A communication, signed by about fifty Mexicans living in and about Brownsville, has caused Leoncio Longoria, acting Mexican Consul at this place, some uneasiness. The communication demands that the awnings in front of the Mexican Consulate, which represent the National colors of Mexico, be removed, and threatens to tear them into shreds and blow the office up with dynamite.

The signers declare themselves anarchists and enemies of the Mexican Government. The matter has caused excitement in military and official circles in Matamoros, Mexico.

ARRESTED A PIOUS FORGER.

A. Seel, of the Y. M. C. A., Prayed that He Escape Detection.

Couldn't Get Work and Took to Writing Checks.

August Seel, twenty-four years old, of 24 West Nineteenth street, was arrested at the rooms of the Young Men's Christian Association, of which he is a member, last night, by Detectives Cuff and McCarthy, of the Central Office.

Seel is charged with passing forged checks on various west-side saloon and restaurant keepers. A number of these cases were reported at the Central Office, and, owing to Seel's constant professions of piety, the detectives were able to identify him on description as the Y. M. C. A. man who had previously worked for the Glen Lithograph Company.

When the officers arrested him last night he wanted them to wait a few minutes while he attended a prayer meeting, which he said he had to lead. In his pockets were found two checks for \$15 each, signed with the forged name of the Glen Company, and both drawn on the Trustmen's National Bank.

Seel told the detectives that he had been unable to get work, and so had gone to check writing for a living. He said he had prayed for success and that he might not be arrested. He told the detectives that his confidence in Providence was now somewhat shattered.

In Jefferson Market Court to-day a saloon-keeper named Burns of Eighth avenue and Fifty-second street, and Herbert Strout, of 312 West Eighteenth street, were heard and ready to prosecute Seel. Justice Hogan remanded the prisoner, however, at the request of the detectives, until to-morrow, as they wished to gather more evidence.

THOUGHT HER HUSBAND DEAD

Mrs. Messier Refused to Admit Him When He Returned Alive.

DUNELLEN, N. J., Aug. 17.—A dead man, or rather one supposed to have been dead, has suddenly reappeared at this place, and departed as meekly as he came.

A few nights ago, when the rain was pouring down, Mrs. Messier heard a strange rap on the front door of her cottage. She peered through the window and started as she recognized a man outside as her husband, who had been missing for six years, and whom she supposed to be dead. She did not open the door, and after he had knocked repeatedly he went away and took shelter in the house of a neighbor, where he spent the night.

When he went away the following morning, he told his neighbor that his wife had refused to recognize him, and that he was going to Virginia. He explained that he had been in Virginia during most of the time he had been absent from home.

Mrs. Messier, was before her marriage, a Miss Jeroloman, belonging to a wealthy family. She says that her husband, before he disappeared, drank freely, and that this was the cause of frequent quarrels between them. After he left her, six years ago, she never heard from him, and some time later read that he was dead.

She said that she was living happily with her three daughters, and could get along without her husband.
